ABOUT CAREPORT

The cubicle solution for virtually any type of shower stool or chair and the shower rose height can be adjusted to suit, or simply hand held.

Staying at home while having a bathroom modification or being discharged earlier from hospital for rehabilitation, the CarePort helps relieve the extreme pressure on our health system by freeing up hospital beds and allowing people to stay in the comfort of their own home.

CONTACT INFORMATION

Please phone one of our helpful staff on (03) 6245 1888 and we can arrange for a site visit, quotation and installation where required.

- Specialised Disability Accommodation
- Home Modifications
- Project Management Services

built for easy living

THE CHALLENGES

Is your client likely to be without a shower and toilet during bathroom renovations?

Does your client have a reluctance to leave their home unattended during the bathroom building works?

Is the prospect of respite accommodation concerning your client?

CarePort may very well be the solution to these and many other worries that your client may have.

THE CAREPORT OVERCOMES THE FOLLOWING FRUSTRATIONS

- Having to leave home while the renovations are occurring
- The inconvenience of being without a toilet and shower for a number of weeks
- Unnecessarily long stays in hospital whilst a bathroom is being renovated
- Needing to leave home to go into respite while the works are being completed

WHO BENEFITS FROM THE CAREPORT

- Clients that only have the one bathroom in the home during their renovations
- Discharged from hospital, however not yet well enough to use the existing bathroom safely
- Individuals who are incapacitated or have a medical condition
- Temporary or permanent wheel chair users

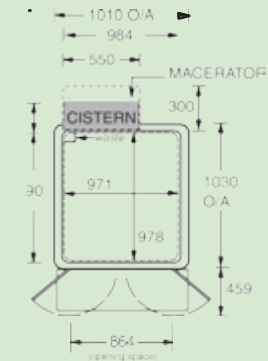

WHAT ARE THE ADVANTAGES

- Can be located almost anywhere in the home
- May be purchased or hired
- Fantastic temporary or even longer term option bathroom solution
- Fast installation and easy to clean
- No need to empty waste
- Totally safe; plumbing and electrical compliant
- Conventional flushable toilet
- Optional thermostatically controlled water heater
